

Millennium Angel

Fleurie

Gonna cut my hair
Gonna change my shoes
Gonna treat myself
To a new tattoo

Gonna learn guitar
Gonna write the blues
Gonna stay up late
Like the dreamers do

'Cause I'm a millennium angel
I'm a millennium angel
Look so perfect in a photograph
Smile pretty and pretend to laugh
I'm a millennium angel

Gonna meet someone
Gonna fall in love
Gonna tell myself
That it's good enough

Gonna learn the rules
Gonna socialize
Gonna make a name
For myself online

'Cause I'm a millennium angel
I'm a millennium angel
Look so perfect in a photograph
Smile pretty and pretend to laugh
I'm a millennium angel
I'm a millennium angel
I'm a millennium angel
I'm a millennium angel

Smile with your heart on your sleeve
Baby it's a cold world out there, I
I know we're gonna make it after all

Even when you're torn at the seams
Cause baby it's a cold world out there, I
I know we're gonna make it after all
I swear we're gonna make it after all

I swear we're gonna make it after all
