Paralyzed

Fleurie

Come away for the year
Dance with me in the rain
Ooh there are places to see
Chances to take

I'm paralyzed, am I hypnotized?
'Cause I can't see straight at all tonight
And you're standing right here
Are you standing right here?

Come away for the year
Dance with me in the rain
Ooh there are places to see
Chances to take

I'm paralyzed, am I hypnotized?
'Cause I can't see straight at all tonight
And you're standing right here
Are you standing right here, right here?
