

## Roses

Fleurie

For a heart like this  
A golden smile  
For a heart like this  
A golden smile

Would you trade your world  
For a glimpse into the heart of a girl?

'Cause I'm coming up roses  
I'm coming up roses  
I'm coming up roses tonight

'Cause I'm coming up roses  
I'm coming up roses  
I'm coming up roses tonight

And I want you to see inside

And when I bloom it's like  
A million stars just gave their light  
To open up a world and let you inside  
And when I bloom it's like  
the world was black-and-white  
But tonight

I'm coming up roses  
I'm coming up roses  
I'm coming up roses tonight

'Cause I'm coming up roses  
I'm coming up roses  
I'm coming up roses tonight

And I want you to see inside
