

Shine On

Flickerstick

She said the opposite of love is not hate but apathy
Why would you ever change for me?
I can see through the lies, there's a pain in your eyes
Why would you ever change for me?
When I would never change for you?

But I will, shine on, shine on
You were never real
Shine on, shine on
I would never change for you

What would it take to make you see nothing's ever as it seems
Why would you ever change for me?
I can see through your lies, I see through your disguise
Why would you ever change for me?
When I would never change for you?

But I will, shine on, shine on
You were never real
Shine on, shine on
You were never real
There's no light in your eyes
Like two black holes in the sky
Shine on, shine on

Shine on, shine on
You were never real
Shine on, shine on
You were never real
There's no light in your eyes
Like two black holes in the sky
Shine on, shine on

Shine, shine
Shine, shine

You've taken nothing less than everything
Come take a ride there's something you've got to see
You know no one will ever love you like I do
You should know just why my lips they smell like gasoline
