## Flight Facilities

Don't try to go where he goes  
He sure as hell knows  
He can get low, he's so heavy  
Don't try to go where he goes  
He sure as hell knows  
One thing I know  
He gets low, low, low  
Low, low, low  
Fashion me a rope out of hoes  
One thing I know  
I won't go down any further  
He says we're coming up for air  
Like a fish in a boat  
Like a rat in a corner  
Don't let the woman close  
You gotta keep 'em on their toes  
He says while paying out the gardener  
He says one thing I know  
Ooh, for sure, I know  
I won't go down any farther  
Don't try to go where he goes  
He sure as hell knows  
He can get low, he's so heavy  
Don't try to go where he goes  
He sure as hell knows  
One thing I know  
He gets low, low, low  
He can get low  
(He can get low, he's so heavy)  
Low, low, low  
Down any farther  
(He can get low, he's so heavy)

Lower and lower  
You know he can't help but show ya  
He gets low  
(He can get low, he's so heavy)  
Lower and lower  
You know he can't help but show ya  
He gets low  
(He can get low, he's so heavy)  
He can get low, he's so heavy  
Don't try to go where he goes  
He sure as hell knows  
He can get low, he's so heavy  
Don't try to go where he goes  
He sure as hell knows  
One thing I know  
He gets low, low, low  
You know how it goes  
He can get low  
Don't try to go where he goes  
He sure as hell knows  
He can get low, he's so heavy  
Don't try to go where he goes  
He sure as hell knows  
One thing I know

He gets low, low, low  
You know how it goes  
(He can get low, he's so heavy)  
Low, low, low  
(He can get low, he's so heavy)
