Flight Facilities

for Brooklyn, man
You a survivor, dog
You just know what to do

(Foreign language)

Down it go, down it go, down it go, down it go

You see why they have shallow graves
Keep the from hitting the ground
And it broke a leg or two
One sounding of the bell for the stop sign
Two bells for the go sign

for Brooklyn, man
You a survivor, dog
You just know what to do

(Foreign language)

You see why they have shallow graves
Keep the from hitting the ground
And it broke a leg or two
One sounding of the bell for the stop sign

Down it, down it, down it, down it

(Foreign language)

Down it, down it, down it, down it
