

# The Ghost

## Flight Facilities

I gotta keep a bit of you broken down  
For the ghost inside but I don't know how  
I'm gonna feel a little indifferent now  
When my mind's locked out and your hands are bound

I gotta feed the spirit, the guilt I've found  
And I realise now that I ain't too proud  
I wanna stand in the middle of faceless crowds  
But I can't get loud when you won't get loud

I gotta keep a bit of you broken down  
For the ghost inside but I don't know how  
I'm gonna feel a little indifferent now  
When my mind's locked out and your hands are bound

I gotta feed the spirit, the guilt I've found  
And I realise now that I ain't too proud  
I wanna stand in the middle of faceless crowds  
But I can't get loud when you won't get loud, I gotta

I gotta  
I gotta  
I gotta  
But I can't get loud when you won't get loud

I gotta keep a bit of you broken down  
For the ghost inside but I don't know how  
I'm gonna feel a little indifferent now  
When my mind's locked out and your hands are bound

I gotta feed the spirit, the guilt I've found  
And I realise now that I ain't too proud

I gotta feed the spirit, the guilt I've found  
And I realise now that I ain't too proud  
I wanna stand in the middle of faceless crowds  
But I can't get loud when you won't get loud  
I gotta

Keep a bit of you broken down  
Feel a little indifferent now  
I gotta feed the spirit, the guilt I've found
