Ayy, get my guap, ayy
(Jay) Get my guap, ayy (Cameron)
Get my...

Get my guap up and down
I get chips like Frito Lay
Fuck on that bitch, she in love, I just bust
Hop out the Wraith just to start up my day
Diamonds, they hit, smokin' kill from the skunk
Copped me a chain so you know I get paid
Pockets on paid, I'm equipped with a snub
Fuck I need love for? I copped me a safe
Fuck I need love for? I copped me a... Uh
Fuck I need love for? I copped me a safe
I told my mama one day I'd get paid
Niggas is mad 'cause I'm stackin' up G's
Fuck I need love for? I copped me a... Uh
Fuck I need love for? I copped me a safe
I told my mama one day I'd get paid
Niggas is mad 'cause I'm stackin' up G's

I told my mama one day I'd get paid
She takin' trips when it's cold in the winter
Daddy gon' smile while I hop out the rental
I pray for my sins, asking God to forgive 'em
I chase the chips all I want, Frito Lay
I pull the flip while it's out of the rental
All for the guala, it's only the guala
I swear shit is stuck up all up in my mental
All that I want, man, I swear is the commas
Watch for the problems 'cause niggas is snakes
I switch up on 'em like bad revolvers
Run for the commas so niggas get paid
Visions is true, man, I swear I'm just honest
How can I lose, man? I swear, niggas fake
Visions is true, man, I swear I'm a problem myself
With the guala I stack, Frito Lay
I don't get fucked by no problem
I'm focused on commas, you see I'm just tryna get paid
I was just all on the block, I was posted
Was stuck, I was prayin' I'd live better days
Niggas is hatin' up on me, them diamonds is on me
It's glitter, I shine like the ray
Niggas is hatin' up on me, them diamonds is on me
Got hundred stacks stacked in the safe, bitch

Get my guap up and down

Lil' mama love when her chips hit the bank
And then I went and I flooded the face
They was frontin' on me, I had no money
Yeah, but that was just back in the day
I swear, I'm runnin' laps around these niggas
And they just been runnin' around in a maze
I'm hoppin' out of the Bentley
With all of my diamonds on me now she lookin' amazed
Ain't got a bag, tell her get out the way
My bitch a boss and she whippin' a Range
Give her the dick and she just want a taste
Ride with the clip, you get hit with the pain
They throwin' shots but they ain't got no aim
Ain't had a ho since a nigga had AIM
Ayy, bro, we sendin' out packs like it's AOL
He got locked with the shit but he made the bail
You got locked with the shit and you made a tell
Keep the fake, free the real ones about to sell
And she on me 'cause my name is ringin' bells
Shawty a freak and she great with the face
I get the chips, gettin' my Frito Lay
Ain't doin' shit 'til the bag on the way

Get my guap up and down
I get chips like Frito Lay
Fuck on that bitch, she in love, I just bust
Hop out the Wraith just to start up my day
Diamonds, they hit, smokin' kill from the skunk
Copped me a chain so you know I get paid
