

I do not fuck round with none of you niggas
Fraud be pretending
I bend the block and you know that it's tinted
Fuck if it's rented
Flipp's they say you a dog you a menace
Life is a sentence
Vicious I is I'ma dog I'ma get it
Wild when I spend it
Vicious I is I'ma watch with the scope
Watch for the foe
Visions I trip man I ride for the dough
Reach for the stars and they plot on ya soul
Came from the pavement like son really rose
Now exploiting my soul
Diamonds they shine with the flick and it's froze
Melanin right so I'm drenched in the gold

I be flying high, yeah, I'm guessing that's he answer
Get it on my own I don't need nobody else
I be flying high, yeah, I'm guessing hats the answer
Yeah, that's on my soul yea I get it by myself

Acts of a savage
I don't keep work on my mattress
Cook up is tragic
I let em cook up and have it
Ball like a maverick
Destined for gold it would happen
Like I was trappen
Pull up with 2g you lacking
Niggas pull up with that you know
More than just uno
Hop out they clappin that junio
Niggas lay low from the po-po
Know how it go though
Just cause I'm doley and solo
Live in this life like it's yolo
Reap what you sow though
Working that's all that I know though
Love when my energy go though
Like how my flow go
Now they want ask me for photos
