

Into The Deep

Flipsyde

We have eternal hope on the other side of time
East, west, up, down and side to side
No direction, but a clear path, so I climb
All my bright colors painted outside the lines
And we ride, and we roll and we blowin'
We don't know what's up there but we going, yeah
I followed her into the night
And she said

Here we go into the deep
Into the deep unknown
Here we go into the deep
Into the deep unknown

And I felt like I was leaning
The weight up on my shoulders was too much for human beings
I know there got to be a better way outside of dreaming
I prayed a lot, but couldn't tell the angels from the demons
A blessing and a curse through the lessons I was seeing
The places that I be in psychologically provided me
With the wisdom to witness the hypocrisy
A victim of nothing other than my philosophy
That proudly pushes me forward increasing my velocity
Get off of me
I was born to live
Born to love
Born to give
And soon as the storm hits
I'll write a song with lightning in the clouds
And you can hear the thunder in the crowd
Rumble
Come on

Here we go into the deep
Into the deep unknown
Here we go into the deep
Into the deep unknown

And we ride and we roll and we blowin'
We don't know what's up there but we going, yeah
I followed her into the night
And she said

I'm swimming up and I'm pushin' but still can't breathe
I'm trying to get to the surface so I can break free
Lord knows nothing is gonna stop me
Lord knows nothing is gonna stop me
So I'm on I-5
With the top down underneath the night sky
Trying to pick a star send a prayer up high
Whole lotta bad mixed with some nice guy
I'm trying to get it right, right
Come on

Here we go into the deep
Into the deep unknown
Here we go into the deep

Into the deep unknown

I'm swimming up and I'm pushin' but still can't breathe
I'm trying to get to the surface so I can break free
Lord knows nothing is gonna stop me
Lord knows nothing is gonna stop me

I'm swimming up and I'm pushin' but still can't breathe
I'm trying to get to the surface so I can break free
Lord knows nothing is gonna stop me
Lord knows nothing is gonna stop me...
