

Darling

flipturn

Will you love me?

Will you love me?

When I fall, dear

When I fall, dear

Don't leave, don't go

Just stay here for a moment

I know I'm just dreaming

And the sun will betray me

So please, honey, stay

And tell me that I'll be okay

Tell me good things last forever

You know lying makes it better

Darling, I am bound to fall

(Will you still love me?)

Will you still love me then?

Darling, if this is all

(Will you still love me?)

Will you still love me then?

Oh, will you still love me then?

And if all my dreams just sit on my tongue

Rot out my teeth, love

Rot out my gums

If novocaine can solve my problems

Will you still love me when I go numb?

Darling, I am bound to fall

(Will you still love me?)

Will you still love me then?

Darling, if this is all

(Will you still love me?)

All, hey!

Darling, I am bound to fall

(Will you still love me?)

Will you still love me then?

Darling, if this is all

(Will you still love me?)

Will you still love me then?

Oh, will you still love me?

Will you still love me then?

Will you still love me then?
