

Where'd All My Friends Go?

flipturn

Lately, I would say I've been making
Something to resemble conversation
Paint on the wall. It won't debate me
The way I want it to
Time well spent is time well wasted
You shouldn't've been there but you couldn't make it

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

I am agreeable
I understand there's timing to people
And people got plans
Yours were relative in taking a stance
I take a little help when given the chance
It was ignorance. It was innocence
Now I get by I get high with the ones who can

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

(Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?)

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?)

Don't know why I need your attention
Don't know why I did this again
Don't know why I need your attention
Don't know why I did this again
Don't know why I need your attention
Don't know why I did this again

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Now I only get
Get what I paid for
Where'd all my friends
Where'd all my friends go?

Don't know why I need your attention
Don't know why I did this again
