Life Hack

Flo Milli

Uh, uh, uh
Yeah, between a rock, inside a hard spot (Yeah)
My feelings might be in, it but my heart not

I refuse to let you play off in my face, bitch
Treat me like these other hoes, no, I ain't basic
You say you need some medicine, I let you taste it (Come and taste)
Tryna find another me, ain't no replacin'

Don't wanna go, don't wanna leave (Don't wanna leave)
I got you runnin' back, you know that I'm a life hack
Don't wanna go, don't wanna leave (ATL Jacob, he a fuckin' millionaire)
I took his soul and now he tryna get his life back
Thought it was sweet, I had to show him I has like that
He tried to beat it, but this— got some fight back
And he can't dime me out 'cause I'm known to bite back
Yeah, I get like that

Yeah, I get nasty than a motherfucker
That's why he spinnin' blocks and treat me like his last supper
Vampire Diaries, he gon' turn me to a blood sucker (Yeah)
Get in them guts, he call me, "Flo" 'cause I make real puddles
Yeah, I make real puddles
Wet like VVs, I just made a mill'
Playin' with my feelings, don't make me do a drill (Stop playin')
Know you wanna see me, but I don't wanna chill (Ew, ew, ew, nah)

I refuse to let you play off in my face, bitch
Treat me like these other hoes, no, I ain't basic
You say you need some medicine, I let you taste it (Come and taste)
Tryna find another me, ain't no replacin'

Don't wanna go, don't wanna leave (Don't wanna leave)
I got you runnin' back, you know that I'm a life hack
Don't wanna go, don't wanna leave
I took his soul and now he tryna get his life back
Thought it was sweet, I had to show him I has like that
He tried to beat it, but this— got some fight back
And he can't dime me out 'cause I'm known to bite back
Yeah, I get like that (Yeah, ayy)

I make it easier for you to breathe
I'm his fav', I'm the reason he don't wanna leave
I make shit happen, you'd be nothin' if it wasn't for me
I won't go back and forth, you know I take it like a G
Yeah, stuck between a rock, inside a hard spot (Yeah)
My feelings might be in it, but my heart not (No)
Playin' games way too easy, you a fuckin' bot
Might need CPR the way we always fallin' out
I refuse to be one of them bitches
Who be actin' out in public and trippin' on niggas
I'm the prize, never losin', I'm one of the winners
(I'm the prize, never losin', I'm one of the winners)

Not me, mistaken
Not me, mistaken
