Flo Milli

Yeah

I wanna fuck you right now
Reverse that cowgirl, I'm buckin' right now
Climb on this standardbred, hope you can handle it
Beat that cat up when this dog put it down
Let's make a movie, girl, I'll do the shootin'
Camera in my left with your hair in my right
Water keep drippin' while I lay this pipe
Sex is a drug, well, let's enjoy this high
No time to make love, yeah
Keep screamin' you want it
Girl, you lookin' lovely
When you ride this pony
We can do this to the morning
So please come and ride me
Love it when I'm deep inside you
You going crazy, yeah
Kissin' wherever you want me
I go bananas when I'm in that monkey
Lately been fiendin', feelin' like a junkie
Pa-rum-pa-pum-pum, beat it up like a drummer
You know that I'm nasty, you know that I want it
Stroke got you zoned, but I'm on one hundred
She screamin' my name and say, "Daddy, I'm cummin'"
I'm cummin' too, I put mine in your stomach

So, baby, let's go (Jump on it)
I wanna feel your body on top of mine (Let's do it)
Right now, we ain't gon' waste no time, baby (Ride it)
Like a Harley in the wind, got you bragging to your friends the way you ride
(My pony)
Like a rodeo, ride like a rodeo, babe (Jump on it)
I wanna feel your body on top of mine (Let's do it)
Right now, we ain't gon' waste no time, baby (Ride it)
