

# Louder

Flo Rida

Louder, louder  
Louder, louder

You move with that style style, walls coming down  
Girl how you feel with your draws on the grounds?  
Screaming and cheering, waving the crowd  
Tail gate party, ooh, turn around  
Look look, that's what it was  
We ain't never had this experimental drug  
Boom boom boom til the speakers buzz  
Ever wanna heap? I got your stuff  
Fasten up, you like give me some more  
Super sexy, miss leave it on the floor  
Get perspective when you came in the door  
If I'm wrong correct me, but of course then Id

And I get you on the floor  
Imma make you scream for more  
It ain't loud enough in here (louder, louder)  
I gotta feel you in my head  
Go party down, turn it loud  
Open up and make that sound  
It ain't loud enough in here (louder, louder)  
Live it up, scream it loud, girl, I wanna hear you shout  
It ain't loud enough in here (louder, louder)

So I'm just making you dance  
All respecting me and my band  
No discussion bout my percussion  
I can beat it up in your pants  
Girl turn it all the way up  
I wont hold down, I never been hushed  
Get me started, its an eruption  
Cause you moppin' ever be shove  
I gotta make you deal deal, ride to the bill  
Hands in the air, good top player  
Come out the shell to the hotel  
Who you gon' tell? Well?

And I get you on the floor  
Imma make you scream for more  
It ain't loud enough in here (louder, louder)  
I gotta feel you in my head  
Go party down, turn it loud  
Open up and make that sound  
It ain't loud enough in here (louder, louder)  
Live it up, scream it loud, girl, I wanna hear you shout  
It ain't loud enough in here (louder, louder)

It ain't loud enough in here  
It ain't loud enough in here (louder, louder)

(Louder, louder)  
(Louder, louder)  
(Louder, louder)  
(Louder, louder)

Come here love, lets live it up  
Come on baby, you ain't screamin' enough  
Here we go, turn it up some more  
We want it (louder, louder)

And I get you on the floor  
Imma make you scream for more  
It ain't loud enough in here (louder, louder)  
I gotta feel you in my head  
Go party down, turn it loud  
Open up and make that sound  
It ain't loud enough in here (louder, louder)  
Live it up, scream it loud, girl, I wanna hear you shout  
It ain't loud enough in here (louder, louder)
