

Nothing

Floater

Some times I'm up
Some times I down
This indecision keeps me chained to the ground

Some times I high
Some times I low
Stuck in the middle, Jesus Christ
I've got no place to go

No where to go

Nothing to hide

'Cause I've got nothing at all
You know I've got nothing

Feel the family fade
Feel the faith degrade

Why won't they please behave?

Take me back!

Sometimes I'm high
Say, sometimes I'm low...
Stuck in the middle, Jesus
I've got no place to go

Got no where to go

Nothing to hide

'Cause I got nothing at all

I've got nothing

No where to go

Nothing to hide

I've got nothing at all
