

Me & You (Happy 2gether)

Flobots

Imagine me and you, I do
I think about you day and night
It's only right
To think about the girl you love
And hold her tight
So happy together

If I should call you up, invest a dime
And you'd say you belong to me
And ease my mind
Imagine how the world could be
So very fine
So happy together

Imagine me and you
I do, but I'm thinking too much and I'm studying how they toss the dice
It had to be simpler back in the day
When our folks were pretty certain they could find someone
Now none of it's a sign
We just wanna date, whether deaf or blind or dumb
I look at your number and wonder if I should call you up
And invest a dime
In a message with text that doesn't belong to me
But it would ease my mind
To know if the songs I'm singing are in a key that you can comprehend
In tune with the thoughts you were ponderin'
If so, we can both stop wonderin' if and
Be together like Donner and Blitzen

But all reindeer games aside
It's like light when you came here, I came alive
It's like everything else was a glimpse of you
Giving hints and clues to where your name resides
Now that I found you, it's changed the vibe
Shattered through all the blame, fear, pain, and pride
Doesn't matter who calls and invests a dime
Get a message saying we're staying inside

'Cause I imagine you and me
Could make music beautifully
Could make moves, never lose the beat
I can imagine the food that we choose to eat
I see it all like a view from a movie seat
And imagine you and me
Never knew that we
Were never more than a few degrees
How good it would prove to be
But the waiting is over, I finally found you and

I can't see me lovin' nobody but you
For all my life
When you're with me, baby, the skies'll be blue
For all my life

Me and you and you and me
No matter how they toss the dice
It had to be

The only one for me is you
And you for me
So happy together

Imagine me and you and you and me
No other way for we to be
Toss these dice, eventually
These snake eyes spell a tragedy, and
I release unhappily
This magic now a fantasy
There's another for me than you and
And some other one for you than me

And that's the way it has to be
An uncompleted masterpiece
Deleted canvas atrophy
Cut by another after me
A silent wound whose lips confess
Love lost under love's duress
A curse confessing hope and then
Reverse the blessing, emptiness
This hollow hole won't coalesce
Regrets emote from hole in chest
As less remote emotions pour
From cavities', growing depths
I have it easy knowing this
Together we will never fit
So I'd rather bind my mind with rhymes
Than blind my eyes and sever it

I can't see me lovin' nobody but you
For all my life
When you're with me, baby, the skies'll be blue
For all my life

Ba, ba, ba, ba, ba-ba-da-ba, ba-da-ba
Ba-da-ba-ba
Ba, ba, ba, ba, ba-ba-da-ba, ba-da-ba
Ba-da-ba-ba

Me and you, and you and me
No matter how we toss the dice
It had to be
The only one for me is you
And you for me
So happy together
We're happy together
How is the weather?
So happy together

And I don't know, and I can't think
And I'm so smote that I can't speak
And I look at the picture I have in my head
And I won't doze, and I can't sleep
And it's so good that I'm knocked out
And your quotes get put in my thoughts now
And there's nobody else to distract me
'Cause you got me on lockdown
And I can't stop, and I won't stop
And we rock on, even show stop
So thank you for coming tonight, everyone
We're the Flobots
