

# Same Thing

Flobots

Somewhere between prayer and revolution  
Between Jesus and Huey P. Newton  
That's where you find Jonny 5 shoot shootin'  
Water guns at the audience while ya scootin'  
Your glutenous max due to the fact that I'm tootin'  
On the horn gonna warn you that I'm rootin'  
For the other team in the culture wars  
So I stab the beast belly while the vulture snores

Yo Joe!  
Let it blow with convulsive force  
Till walls fall off their false supports  
Till Jericho's aircraft carriers alter course  
And all brave young Americans are called ashore  
Cause we've already lost the war they keep wagin'  
Splattering the streets in battles that keep ragin'  
Bloodyin' each page of the story that we're studying  
Each day the same just the names keep changin'

Saying the same things over again  
Repeatin' the same slogans we don't know where we've been  
We've been all over the globe on our government's funds  
Leavin' man woman and child dead bloody and numb  
Saying the same things over again  
Repeatin' the same slogans we don't know where we've been  
We've been overthrowing leaders with legitimate views  
Democratically elected but we didn't approve

How many times can the line divide  
How many wars to uphold your pride  
Fears uncontrolled just swoll the tide  
Of blood in the streets while the people die  
I'ma keep on tryin'  
Longs as suffering's multiplyin'  
And why not  
Souls get tossed and left out to rot  
My backs broad enough to help left your cross  
As long as you help with mine  
The process of healing will take some time  
To see the pain on your face is the same as mine  
Not a game or a race but the stake is high  
We maintain our mistakes for the sake of sides  
As long as it takes I'll say it one more time  
As long as it takes I'll say it one more time  
As long as it takes I'll say it one more time

We need money for health-care and public welfare  
Free mumia and Leonard peltier  
Human needs not corporate greed  
Drop the debt and legalize weed  
We say yes to grassroots organization  
No to neoliberal globalization  
Bring the troops back to the USA  
And shut down Guantanamo Bay  
The same things over again  
My throat's so sore from shoutin' no war for the soldiers again  
Lookin' for cloud cover when the explosions begin

Lookin' the crowd over wonder if you where we've been  
We've been all over the globe Iran to Nicaragua  
Guatamala Angola grenada  
Dominican republic Haiti chile  
It don't stop and it won't stop unless we keep say

Who let'em overthrow Jacobo Arbenz  
Who let'em overthrow Mohammad Mosaddeq  
Who let'em assassinate Salvador Allende  
I didn't let them but they did it anyway  
Who let'em overthrow Kwame Nkrumah  
Who let'em overthrow Aristide  
Who let'em assassinate Oscar Romero  
I didn't let'em but they did indeed!

Don't let them assassinate Hugo Chavez  
Don't let them assassinate Evo Morales  
Bring back Martin,, Malcolm, Medgar, Hampton, Goodman, Schwerner, Chaney
