What the fuck is that? Barreling towards our Metropolis From the deep water in the likeness of Lochness Knockin' its noggin like a hockey stick hocking spit Meltin' down the top of this planet like chocolates Lava rocks slosh in his esophagus like lozenges For every drop that drips down somebody With the awkwardest sounds The prophet says the opposite We've got to stop, stop, stop the apocalypse Elevate like geysers and rise like helium Together Colorado show 'em how the west is really one I'll rap 'till my finger's numb and leave your toes tinglin' For heaven on earth slash blue planet kingdom come I'm Jonny 5 but I act like Wall-E 'till the trash is sorted Into more practicaler forms like stacks of quarters I am I b bee surviving colony collapse disorder Stop, stop, stop the apocalypse

Aooooga, aooooga, booga, booga Antichrist pulls up in a bad mini cooper Fabulous doo and a vocab I woulda stayed in school for Says he's overdue but was beach bummin' in Newport So he says, what's new sport I said, stoppin' you of course He says, you have the better chance of slobbing the nob of a unicorn I stuck around the cuneiform and told the spawn of Lucifer The shoelessness of his backside we had a solution for We rise at the end like a standing ovation Lay it on thick for those with thin patience Keep in touch with the good like holding All the while spittin' sicker than a mouth full of rabies Our maybes are certain No closing of curtains Our maydays are milkshakes for the social still forming From storming to norming to fighting to see a new day

We stand for the Wii like Nintendo tennis
In the land of the free
Revolution is key quinoa lentils spinach
And we're about to change the game
Treat it like a scrimmage
Preach to the choir when the minister's finished
Speak and inspire like Dennis Kucinich
Reaching for hire like the apprentice
Leaving 'em red up and awe like dentists
It's worth a shot man tetanus
To overturn the sentence
