

## Not For Me

Floorpunch

Now I can see it  
What we had is gone  
How could something so right  
Go so fucking wrong?  
It won't happen to us  
No fucking way?  
Nothing between friends  
At least that's what you said  
Now I look at you  
I understand why  
Something not for me  
Something I won't try
