

Nightmare

Flora Cash

I've been wanderin' around all day
Tryin' to cover it up or wish this away
And this concrete on this cold street is a liar
And I'm afraid of this made up falsifier

I'm alone give me all the love you got
Keep me there keep me through my nightmare
I'm alone waiting on the anecdote
Be a lamb keep me by my right hand

Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo
u got)
Keep me there keep me through my nightmare (Keep me through my
nightmare)
Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo
u got)
Keep me there keep me through my nightmare (Keep me through my
nightmare)

I've been drifting around all day
Try to figure it out pinch me awake
And this place is a mess of my own desire
And I'm afraid of this made up falsifier

I'm alone give me all the love you got
Keep me there keep me through my nightmare
I'm alone waiting on the anecdote
Be a lamb keep me by my right hand

Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo
u got)
Keep me there keep me through my nightmare (Keep me through my
nightmare)
Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo
u got)
Keep me there keep me through my nightmare (Keep me through my
nightmare)

I'm alone give me all the love you got
Keep me there keep me through my nightmare
I'm alone waiting on the anecdote
Be a lamb keep me by my right hand

Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo
u got)
Keep me there keep me through my nightmare (Keep me through my
nightmare)
Ooh yeah yeah yeah yeah yeah (I'm alone give me all the love yo

u got)

Keep me there keep me through my nightmare (Keep me through my
nightmare)
