

time machine

Flora Cash

I wish I had a time machine
I'd take a trip and then I'd take a picture of the scene I would
n't interfere
I only wanna whisper that I love you in your ear

It's thanks to you
It's thanks to you
But you already know it

I wish you were out there I feel like I'm alone
I wanna make amends
I wish you could've known

I wish I could call you
I wanna hear your voice tell you I was wrong now you're gone

I wish I had a time machine
I'd love to see you drinking from the bottle of a dream I would
n't tell you how
I'd only try to tell you there's a way to spill it out

And here's to you
And here's to you
But you already know it

I wish you were out there I feel like I'm alone
I wanna make amends
I wish you could've known

I wish I could call you
I wanna hear your voice tell you I was wrong now you're gone

I just wanna yell out
From the bottom of my lungs say how much I miss you you...

I just wanna scream out
Tell you how I'm so proud
Tell you how much I miss you you...

I wish you were out there I feel like I'm alone
I wanna make amends
I wish you could've known
