

I Will Be

Florence + the Machine

Oh

I will be

I will be

I will be

I will be

Silence will not cover me

I will be

I will be

Silence will not cover me

I will be

I will be

I will be

I will be

And silence will not cover me

Silence will not cover me

I will be

I will be

And silence will not cover me

And silence will not cover me

And silence will not cover me

I will be

I will be

I will be

I will be

And silence will not cover me

And silence will not cover me

And silence will not cover me

I will be

I will be

I will be

I will be
