

Summerland

Florida Georgia Line

Sky on a break, break down
Ghost town, shake down beach
Good vibes, blowin' in that Gulf Shore breeze
Saltwater skinny dip waitin' on me
It's hotter in the water, good Lord
Ain't no doubt, 'bout to lay you down on a beach towel
California king style
Gonna do it all night, baby

Big stars shinin' over Summerland
Sunburnt love with a a southern man
Baby, right now I'm high as a kite
Seabirds fly, yeah, I just might tonight
Gypsy driftwood, Shiner bock, kissin' on the dock
Big dipper, slow dance
With my hands where the sun don't tan
Don't you worry 'bout the sand
In no time, baby, we'll be slippin' off to Summerland

Lay it on back, back to the back of that ragtop Jeep
Blame it on the waves, we ain't geting no sleep
Fireside crackle kiss, plant it on my cheek
Lips on a bottle
I know you ain't a model, but you should be a model
I'm gonna kiss you to till tomorrow
And I'm gonna do it all night, baby

Big stars shinin' over Summerland
Sunburnt love with a a southern man
Baby, right now I'm high as a kite
Seabirds fly, yeah, I just might tonight
Gypsy driftwood, Shiner bock, kissing on the dock
Big dipper, slow dance
With my hands where the sun don't tan
Don't you worry 'bout the sand
In no time, baby, we'll be slippin' off to Summerland
