

Sun Daze

Florida Georgia Line

I'm gonna wear my flip-flops and
I'm gonna play some flip cup and
Rock a little bit of hip-hop and
Haggard and Jagger
And throw a twenty on a corn hole game
If I'm lucky yeah, I might get laid
The way that it's goin'
That keg gonna be floatin'

All I wanna do today
Is wear my favorite shades and get stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and
Lay some Jack in my Coke
Work on my lay back
Ain't nothin' wrong with gettin' my sun daze on
Gettin' my sun daze on

Girl you know you're the life of my party
You can stay and keep sippin' Bacardi
Stir it up as we turn up some Marley
If you want you can pet on my Harley
I'll sit you up on the kitchen sink
And stick a pink umbrella in your drink
The way that we're feelin' we gone by this evenin'
but

All I wanna do today
Is wear my favorite shades and get stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and
Lay some Jack in my Coke
Work on my lay back
Ain't nothin' wrong with gettin' my sun daze on
Gettin' my sun daze on

All I wanna do today
Is wear my favorite shades and get stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and
Lay some Jack in my Coke
Work on my lay back
Ain't nothin' wrong with gettin' my sun daze on
Gettin' my sun daze on
