

She Always Gets What She Wants

Florrie

Got your heart?
Check
Got your crazy?
You bet!

Got your heart?
Check
Got your crazy?
1 2 3 go!

She always gets what she wants, in the end
If you hold out your hand
She might let, let you pretend

Let me tell you about a girl I know, know
Gotta see it to believe then she'll blow, blow
Your mind and you won't let go, go
She's the devil in disguise and she knows

And now it's Saturday night
You're all alone
You're waiting for her call
Turns out she's tied up, tied up on the phone
Baby what you doing this for?

She always gets what she wants, in the end
If you hold out your hand
She might let, let you pretend

The fire in her eyes will show, show
All the answers that you're looking for you'll know, know
In time you'll decide to go, go
She'll send your mind out of control

And now it's Saturday night
You're all alone
You're waiting for her call
Turns out she's tied up, tied up on the phone
Baby what you doing this for?

She always gets what she wants, in the end
If you hold out your hand
She might let, let you pretend

Forgive me for interrupting
It's fascinating but true
Stick with me and you'll soon discover
What that girl can really do

Wanna know why don't you calm down
Your number baby about to run out
She got you good she got you wrapped round
Head over heels yeah

You're not about, about to give in
She getting your head in a spin
I don't know baby where to begin

So tell me how it feels

Forgive me for interrupting
It's fascinating but true
Stick with me and you'll soon discover
What that girl can really do

She always gets what she wants, in the end
If you hold out your hand
She might let, let you pretend

She always gets what she wants, in the end
If you hold out your hand
She might let, let you pretend
