

# Swimming Pool

Florrie

(Swimming pool, baby, I can lose my cool, so cool...)

All these endless summer days  
Just getting lost and getting lazy in the heatwave  
And my minds over-romancing  
As I watch the sunlight dancing through the blue haze

And for a moment, there's nothing at all  
We float in the blue, and the waters cool  
And your lips start to sting on my sunburned skin  
Wanna feel it, feel it, feel it

Wont you meet me at the swimming pool  
Baby, I can lose my cool, so cool  
After hours at the swimming pool  
Baby, I can lose my cool, so cool

All the summer light is fading  
But I'm happy here just gazing in the water  
And I'm watching as you sink in  
Second guessing what you're thinking, oh its torture

And for a moment, we could have it all  
Skin touching skin as two bodies fall  
Into the deep blue, time standing still  
Wanna feel it, feel it, feel it

Wont you meet me at the swimming pool  
Baby, I can lose my cool, so cool  
After hours at the swimming pool  
Baby, I can lose my cool, so cool

Wont you meet me at the swimming pool  
Baby, I can lose my cool, so cool  
After hours at the swimming pool  
Baby, I can lose my cool, so cool

Wont you meet me at the swimming pool  
Baby, I can lose my cool, so cool  
After hours at the swimming pool  
Baby, I can lose my cool, so cool
