

## Gitty Up

## Flotsam and Jetsam

Demons that never sleep, secrets that I keep  
Water water everywhere but not enough to drink  
Demons that never sleep, secrets that I keep  
Water water everywhere but not enough to drink

Scorch everything in sight, scorch it all right  
Burn it down in one night  
Scorch everything in sight, torch it all night  
Burn it down in one night  
Burn it down

Revolution so far from here, as the days get longer  
How can you not know, the waves burn in the melting snow

Demons that never sleep, secrets that I keep  
Water water everywhere but not enough to drink  
Demons that never sleep, secrets that I keep  
Water water everywhere but not enough to drink
