

# Unwelcome Surprise

Flotsam and Jetsam

Win the big prize and die the next day  
No one will say where it all goes  
Spend life savings on a brand new car  
Watch it crumpled being towed  
Terrified of the man in charge  
As he changes everything  
You finally drop down to one knee  
And realize you've lost the ring

I bet you didn't see that one coming, right between the eyes  
I bet you didn't see that one coming, unwelcome surprise  
I bet you didn't see that one coming

The courage comes and you can take the ride  
First time in the air  
And as you meet the earth face to face  
You realize life isn't fair  
Carry life 'til it's ready to bloom  
Born without a heart  
Ready to race and ready to go  
No one to say it's time to start

I bet you didn't see that one coming, right between the eyes  
I bet you didn't see that one coming, unwelcome surprise  
I bet you didn't see that one coming

No warning, no breath, no beat  
No future, no help, no end I see  
No point, no thing to gain  
You can't win by cheating the game

Pulled over when you're already late  
Ending shackled, face on the ground  
My favorite band plays my favorite bar  
But only when I'm out of town  
Hit the lottery and hit 10 mil  
Split in 12 million ways  
I get a break and finally die  
But someone else is in my grave

I bet you didn't see that one coming, right between the eyes  
I bet you didn't see that one coming, unwelcome surprise  
I bet you didn't see that one coming

No warning, no breath, no beat  
No future, no help, no end I see  
No point, no thing to gain  
You can't win by cheating the game
