

Let's get away

Her name is LUNA, she is so sexy  
Her sweet smile always takes me high  
And so I'm going crazy all night long  
I feel like I'm spinning out of control

The moonlight's magic makes me go mad  
That's the spell it has

Yomigaetta ore no monsutaa kotoba nante iranai  
Honnou no mama ni odore koyoi tsukiyo no dansuhouru naito!

(Hey□ Hey□ Shall we dance now)

The light is running through the night  
Musuu no hoshi no hikari supiido o agete  
My love is shining in your eyes  
Mirai e to step by step  
And I've never ever stopped lovin' you all
