

# Scream

Fluffy

Your turn away  
Resentfully  
I take no blame  
For my vulgarity

You're choking as you try to laugh  
You're vomiting up cream  
And with a kiss you cut my tongue  
I've lost my voice to scream

Give it back to me  
I'm not as drunk as I seem  
I can't scream  
You walk away  
Whilst they whore me  
Taking no blame  
Full of jealousy

Give it back to me  
I'm not as drunk as I seem  
You filled my lungs with Kerosine  
And now you've raped my voice to scream  
I can't scream  
1st verse repeated

Give it back to me  
I'm not as drunk as I seem

Give it back to me  
I'm not as drunk as I seem  
You filled my lungs with Kerosine  
And now you've raped my voice to scream

I'm not as drunk as I seem  
I'm not as drunk as I seem  
You filled my lungs with Kerosine  
And now you've raped my voice to scream
