Flume

Pressure on me  
Put that on me, you did  
Build up slowly  
Explode on ya, I did (I did)

Fed me lies, you're a snake  
Yes, I meant that (I did)  
Fed me lies yes, you did  
You're gonna regret that

Thinking out loud, I'm thinking out loud  
All that negativity is bringing me down  
You're so toxic, how you live like this?  
Don't wanna be friends, I don't wanna be friends  
Burnt that bridge, yes you did  
Your heart ain't full of love like this  
Burnt that bridge, yes you did  
Don't wanna be friends, I don't wanna be friends  
Oh, no no

Do no talking  
Do not call me (Holla)  
Hit your heartstrings  
Like I'm Rocky (I did)

Fed me lies, you're a snake  
Yes, I meant that (I did)  
Fed me lies yes, you did  
You're gonna regret that

Thinking out loud, I'm thinking out loud  
All that negativity is bringing me down  
You're so toxic, how you live like this?  
Don't wanna be friends, I don't wanna be friends  
Burnt that bridge, yes you did  
Your heart ain't full of love like this  
Burnt that bridge, yes you did  
Don't wanna be friends, I don't wanna be friends  
Oh, no no

Don't wanna be your friend  
(Don't wanna be you friend)  
No, I don't want that shit  
(No, I don't want that shit)  
You're gonna regret that

Thinking out loud, I'm thinking out loud  
All that negativity is bringing me down  
You're so toxic, how you live like this?  
Don't wanna be friends, I don't wanna be friends  
Burnt that bridge, yes you did  
Your heart ain't full of love like this  
Burnt that bridge, yes you did  
Don't wanna be friends, I don't wanna be friends  
Oh, no no

Thinking out loud, I'm thinking out loud

All that negativity is bringing me down  
You're so toxic, how you live like this?  
Don't wanna be friends, I don't wanna be friends
