

Levitate

Flume

I'm blowin' kisses couple states away
She blow me back and then I elevate
We go a hunnit like a speed race
You know your heart I'd never break
I thought I made that clear don't wanna have you livin' in fear you know I'm
in it for the ride
Baby I'm in it for the ride, ride' ride' oh yeah

Ignited the fire it's climbin' we're high now
Excited we dive in she's frightened of flying (Flying)
We ain't planning on coming down

Strap up the only time we play it safe
Used to daydream of takin' you to second base
If they do you wrong I'd set aflame the whole place
I mean the whole place' oh yeah
I thought I made that clear
Imma make all ya worries disappear
Baby I'm in it for the ride
I said I'm in it for the ride, ride, ride' oh yeah

Ignited the fire it's climbin' we're high now
Excited we dive in she's frightened of flying (Flying)
We ain't planning on coming down

We ain't planning on coming down
We gon' levitate now
We gon' levitate now
We ain't planning on coming down
We gon' levitate now
Imma levitate now

Ooh, am I feel like ooh
Ha-ah, ha-ah
(We gon' levitate now)
(We gon' levitate now)
Ooh' am I feel like ooh
Ha-ah, ha-ah
(We gon' levitate now)
(I'ma levitate now)
Ooh, am I feel like ooh
Ooh, am I feel like ooh
Ha-ah, ha-ah
I done found a good love
I don't wanna give it up
We gon' levitate now
We gon' levitate now
Ooh, am I feel like ooh
Ooh, am I feel like ooh
I done found a good love
We gon' go for the long run
Ooh, am I feel like ooh
Ooh, am I feel like ooh
(We gon' levitate now)
(I'ma levitate now)
I done found a good love
I don't wanna give it up

I done found a good love
We gon' go for the long run
