All that I want in this life is the chance to do my thing All that I want in this life is the chance to do my thing Yeah I want the top All my people right there at the back of the spot I need the top If you know me y'all now need to stop I need the top All my people there back of the spot, now don't be shy Yeah And you don't just wake up rich one day This kind of life never just slip your way I gave up taking care free trips to the Bay Cali banned us 'cause I got a flip in LA Paris bound 'cause a new video's on the way No breaks for me, no vaca's for me I advance admit it before I live it Watch out, they don't finish I want the top All my people right there at the back of the spot I need the top If you know me y'all now need to stop I need the top All my people there back of the spot, now don't be shy Yeah Drinks on chill, got drinks on chill Lights get dim and I think I will I work so hard that I think I will Yeah, I had a long week, bitch, how you think I feel? History favors the bulldog Roast something, make sure my story gets told Make sure our story gets told The night's forever young, it's us that gets old All that I want in this life is the chance to do my thing All that I want in this life is the chance to do my thing Yeah I want the top All my people right there at the back of the spot I need the top If you know me y'all now need to stop I need the top All my people there back of the spot, now don't be shy Yeah I want the top top top top All my people right there at the back of the spot

I need the top top top top

I need the top top top top

If you know me y'all now need to stop

All my people there back of the spot, now don't be shy Yeah
Yeah

I want the top top top top
All my people right there at the back of the spot
I need the top top top top
If you know me y'all now need to stop
I need the top top top top
All my people there back of the spot, now don't be shy

I want the top top top top
All my people right there at the back of the spot
I need the top top top top
If you know me y'all now need to stop
I need the top top top top
All my people there back of the spot, now don't be shy
Yeah
(I feel what you got for me world)
Yeah
What you got got got
