

## Do Or Die

Flux Pavilion

Cooler than Coolio, stay in the studio  
Flyer than Peter Pan when I'm pushin' that Rufio  
It's that Stone Mountain CEO, wishin' that you was me  
Girls on the tour bus, keep that ratio two or three  
Fly as I want, A-Town put 'em up  
East side till I die, Like we don't give a fuck  
Keep your mouth so shut, talk is cheap  
'Bino been here, y'all been sleep  
'Bino hot and we know this  
Fuck the rest, we've been chosen  
Keepin' up with these Joneses  
Still stunt with these hoes-es  
So street like Elmo, so street like Elmo  
'Bino ain't the coldest? Man, you funny like my elbow  
Always on some other shit, stupid like my type of rich  
Damn, what kind of life is this? I'm driven like some licenses

Let they head nod when the beat go in  
I'mma wait till the beat go in  
You so sophisticated  
Shout out to those who hated  
Kill a rapper, try to spit at me, that's suicide  
Gambino forever, and Royalty is do or die

Shotgun, blast that when I pass through  
When I do things in that UK, and I fucks mane with that Flux ma  
ne  
Bino flow so honest, your check ain't got no commas  
But I ain't got no worries like Adele my baby mama  
I'm blown off that indo, blown off that indo  
Told y'all I would blow up that shit happened like I said so  
You see it, I got it  
I want it, I buy it  
I do it, you tryin'  
This yo girl? You lyin'

I'mma wait till the beat go in  
I'mma wait till the beat go in  
Let they head out when the beat go in  
I'mma wait till the beat go in
