

We Are Creators

Flux Pavilion

And I say, as we come at you straight with the facts
We gonna do it just like this
We have made it our purpose to score skunk
The principles for which we stand
Before the love of the music
The love of my people
We have come together, to party all night.
When you start to think about the gift of life
And find ways to go [?]
Sometimes you get the feeling, for wheelin and dealing
The sweeter the hustle and the sweeter the bustle.
Don't peel to be real with your lover deal
Which can bring you some charm, but do you some harm

Party people in the place, take it and break it
But I hope you realise life is what you make it.
All the people in the building, where you at
In the front in the middle the side in the back
As we come at you straight with the facts
We gon' do it just like this.
We gon' do it just like this.

The sounds that we use go hard and be matching
When we do the floor the people surely is a pleasure.
We can rock away the sounds or the sunny weather
Soulsonic Force bringing people TOGETHER
