

Again & Again

Fly By Midnight

Maybe it's the way I
Maybe it's the way you call my name

And I don't wanna waste time
Been thinking bout your waistline on my way

Every night I
Desire
The pain that you put me through

And I don't know
Don't know why I
Keep coming back

When you just hurt me
Again and again and again
Again and again and again

I try but I know
You lie and I'll fall for it
Again and again and again
Again and again in the end

I try but I know
I'd die
Just to love you again

I'm not good at games I
Only ever wind up in last place

And I keep on wishing that my defenses
Were fool proof but I don't learn my lesson

Every night I
I desire
The pain that you put me through

And I don't know
Don't know why I
Keep coming back

When you just hurt me
Again and again and again
Again and again and again

I try but I know
You lie and I'll fall for it
Again and again and again
Again and again in the end

I try but I know
I'd die
Just to love you again

Every night I
I desire

And I don't know
Don't know why I
Keep coming back

When you just hurt me
Again and again and again
Again and again and again

I try but I know
You lie and I'll fall for it
Again and again and again
Again and again in the end

I try but I know
I'd die
Just to love you again

I try but I know
I'd die
Just to love you again

I'd die
I'd die
Again and again and again
