

Everywhere

Fly By Midnight

Turn it inside out so I can see
The part of you that's drifting over me
And when I wake you're, you're never there

But when I sleep you're, you're everywhere
You're everywhere

Just tell me how I got this far
Just tell me why you're here and who you are
'Cause every time I look
You're never there
And every time I sleep
You're always there

'Cause you're everywhere to me
And when I close my eyes it's you I see
You're everything I know
That makes me believe
I'm not alone
I'm not alone

I recognize the way you make me feel
It's hard to think that
You might not be real
I sense it now, the water's getting deep
I try to wash the pain away from me
Away from me

'Cause you're everywhere to me
And when I close my eyes it's you I see
You're everything I know
That makes me believe
I'm not alone
I'm not alone

And when I touch your hand
It's then I understand
The beauty that's within
It's now that we begin
You always light my way
I hope there never comes a day
No matter where I go
I always feel you so

'Cause you're everywhere to me
And when I close my eyes it's you I see
You're everything I know
That makes me believe
I'm not alone
