

Settle Down

Fly By Midnight

You're not the first person that I ever loved
If you were the last that would be more than enough yeah
Not once in my life have I ever felt so much
For once in my life I won't mess it up

Know I got a history
Of leaving without listening
I know it might be hard to believe
That somebody like me

Could find a way to change his ways
I'm working on it every day
You give me a reason to stay
That's why I'm not afraid to say

Yeah I'm scared to settle down
But I'm more scared to live without you
I'm not scared to stick around
So let me show you I know how to
Cause' it ain't settling
When I settle down with you

You are the best thing that I've ever done
And right now the worst thing that I could do is run (Yeah)
I will be better for us
Keep it together for us
However whenever no rush

I Know you seen the parts of me
Nobody should have to see
But you're still laying right here with me
And that's why I'm going be

Someone who can change his ways
I'm working on it every day
You give me a reason to stay
That's why I'm not afraid to say

Yeah I'm scared to settle down
But I'm more scared to live without you
I'm not scared to stick around
So let me show you I know how to
Cause' it ain't settling
When I settle down with you

Settle down settle down down down with you
Settle down settle down down down with you
