

# Goodbye

Fly Project

I remember your name crying in a rain  
When you left and close my door  
I remember myself in my emptiness  
Waiting for a special call...

I am begging you, I am begging you  
I'm begging you right's to cry  
I am begging you, I am begging you  
I wish I'll never said goodbye

I remember your name crying in a rain  
When you left and close my door  
I remember myself in my emptiness  
Waiting for a special call...

I am begging you, I am begging you  
I'm begging you right's to cry  
I am begging you, I am begging you  
I wish I'll never said goodbye

I tu sabes que dijo...  
Na, na, no tengo lie, no tengo lie, no tengo lie  
Na, na, no tengo lie, no tengo lie, no tengo lie

I remember your name crying in a rain  
When you left and close my door  
I remember myself in my emptiness  
Waiting for a special call...

I am begging you, I am begging you  
I'm begging you right's to cry  
I am begging you, I am begging you  
I wish I'll never said goodbye

I tu sabes que dijo...  
Na, na, no tengo lie, no tengo lie, no tengo lie  
Na, na, no tengo lie, no tengo lie, no tengo lie

Na, na, no tengo lie, no tengo lie, no tengo lie  
Na, na, no tengo lie, no tengo lie, no tengo lie
