

## Bounce It

Flyana Boss

I make it bounce like yo baby daddy's checks  
I be colder than a polar vortex  
They gather around to see what Imma do next  
Have a seat then be my guest  
To them windows and to them walls  
The way I drop it I deserve an applause  
This for them movers and shakers  
The ones about they paper  
I got them knees like Meg  
He ain't to proud to beg

I ain't shaking it for you  
I'm shaking it for me  
When I look back at it  
I'm the only one I see  
Shaking it for you  
I'm shaking it for me  
Bounce that big booty yea

Bounce it all around  
Shake it up break it down yuh  
Bounce it all around  
Let your knees touch the ground yuh  
Bounce it all around  
Shake it up break it down yuh  
Bounce it all around  
Let your knees touch the ground yuh

I'm in the mirror ooo I keep getting thick  
Grab pen and tell n em that it ain't no trick  
He Kadabra when pokin in them sweats  
Doing squats till I catch 'em all like I'm ash

Shaking shaking ass is my favorite sport yea  
I like the way it jiggle up and down the floor  
You know the drill  
You can look  
But don't touch this chill  
I know you want the key  
To open my gates  
So gimmie bills

I ain't shaking it for you  
I'm shaking it for me  
When I look back at it  
I'm the only one I see  
Shaking it for you  
I'm shaking it for me  
That's right

Bounce it all around  
Shake it up break it down yuh  
Bounce it all around  
Let your knees touch the ground yuh  
Bounce it all around  
Shake it up break it down yuh
