

# Keep It Moving

Flyana Boss

I woke up feeling good feeling great  
Yuh  
Eatin on souls  
Pretty boys on my plate yuh  
20 sumthin  
With a mind like I'm 95  
I been through this shit before a bouta 100 times  
Past life on nzinga  
I'm a princess  
Whole click asking  
Can I get a witness  
Don't trust nobody  
But my blood and best friend  
Can't see no haters in my mind  
I don't know them

Keep it moving  
I just wanna see you shining  
What you doin  
I'm just tryn speak my mind damn  
What you mean when you say  
What's my problem  
Ain't got no fucks to give you  
Imma keep on ballin

Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect

All praise is due to the most high  
I stay blessed up  
Ain't worried about a bad guy  
Showing off for my ancestor's revenge on our oppressors  
Got no toleratin  
For no Hater raide  
I want all my friends to win  
If I eat we all digging in  
My grind never stop your shine  
One and only bottom line  
If I come at you foul  
I'm only matching your energy  
Look in the mirror hoe  
That's your real enemy

Keep it moving  
I just wanna see you shining  
What you doing  
I'm just trying to speak my mind damn  
What you mean  
When you say what's my problem  
Ain't got no fucks to give you  
I'm keep on balling

Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect  
Get it your bag  
Get in your bread  
I'm about checks  
And my respect
