

## Two Hearts

The Flying Burrito Brothers

Louris-Olson

well I know your name  
takes you back from where you came  
your words they show  
sometimes it's real to be alone  
so real to be alone  
I'll survive it's true  
but when I get close to June  
alright, okay  
it's just two hearts that make us pay  
two hearts that make us pay  
it's no better when you cry  
well have you stopped to watch she'll fly  
well have you stopped to watch she'll

I, I'm lonely  
I, I'm lonely  
I, I'm lonely too  
well the love you need  
I don't expect you to let me see  
you help, your grace  
it's just two hearts that make us pay  
two hearts that make us pay  
you appear so strong  
and your faith will lead us home  
alright, okay  
it's just two hearts that make us pay  
two hearts that make us pay  
ooh two hearts that make us pay
