

# Lost Without You

Flying Colors

Wake up Monday morning pessimistic in my head  
And everyday I'm waiting 'til I can go back to bed  
But you're smilin'  
In your window hide away  
I'm tryin'  
Just to stay alive another day

'Cause I'm lost  
(Cause I'm lost)  
Yes, I 'm lost  
(Yes, I'm lost)  
Without you

Every Thursday I go out and have a laugh or two  
And everyone I'm with I can't help wishing they were you  
It's old now  
Abandoned, far away  
So cold now  
I'm still bringing flowers to the grave

Yeah, I'm lost  
( 'Cause I'm lost)  
Without you  
(Without you)

And I'm finding all things wanting  
'Cause all I want is you  
Yeah, I'm lost  
(Yeah, I'm lost)  
Without you

Only time will help you now  
Lizard kings to take you down  
I'm still waiting for the sun, yeah  
Living somewhere back in time  
There's no ladder worth the climb  
Gladly trade it all for love

Got no resolution  
Just spinning in the blues  
I'm finding all things wanting  
For all I want is you

'Cause I'm lost  
Without you

Yeah, I'm lost  
(Yeah, I'm lost)  
Without you  
(Without you)

Without you...
