

# Who Am I

Flyleaf

I'm so glad to be here  
This day has become sacred  
I'm trembling with thankfulness  
For all of this

Who am I  
Who am I  
That you have brought me  
This far, this far  
Who am I that you have brought me so far

All those years of spoiled complaining  
I said its not enough  
And you have forgiven me for everything  
Everything  
And you have given me everything  
Oh its too much, its too much  
You're too much, you're too much

Who am I  
Who am I  
That you have brought me  
This far, this far  
Who am I that you have brought me so far

Who am I  
Who am I  
That you have brought me  
This far, this far  
Who am I that you have brought me so far
