

# Insane

Flymore

Follow the white line  
Climb that ladder I've made  
We wipe the slate clean  
But my life's still  
Tumbling down  
I'll be fine  
I don't know what to believe in  
I'm leaving  
Now it's my time

I have felt that way before  
Can't stand this anymore  
I'm completely insane  
To this game

What once was red is pale  
I hate my everyday  
When I feel like I'm twat  
I can't stand

You couldn't ever back down  
Now chance is gone beyond recall  
Shit! Once I died  
What a slight  
I'd like to be really set free  
Stop playing with me  
Let me leave

I have felt that way before  
Can't stand this anymore  
I'm completely insane  
To this game

What once was red is pale  
I hate my everyday  
When I feel like I'm twat  
I can't stand

What you gonna do now  
I will not cry  
See I'm alright  
What you gonna do now  
I don't need you  
And I'm alright  
See I'm alright

I have felt that way before  
Can't stand this anymore  
I'm completely insane  
To this game

What once was red is pale  
I hate my everyday  
When I feel like I'm twat  
I can't stand
