

## Bedtime Reminder

Flyte

Apple blossom baby  
Yellow bird  
Hanging on every word

You be my bedtime reminder  
And I'll be your wake up call  
A reason to lay down beside her  
And dream of nothing at all

Time to think it over  
Moonflower  
Counting down to the midnight hour

You be my bedtime reminder  
And I'll be your wake up call  
A reason to lay down beside her  
And dream of nothing at all

Got a skinful of sunshine  
I've not been home in a long long long long time

You be my bedtime reminder  
And I'll be your wake up call  
A reason to lay down beside her  
And dream of nothing at all
