

Don't Forget About Us

Flyte

A bellyful of sunshine, uh huh
A tidy little punchline, uh huh
A little bit of history, uh huh
And my love's going to open the door

Charging by the hour, uh huh
A fistful of flowers, uh huh
A cup of serotonin, uh huh
Don't have to be alone anymore

Don't forget about us
Don't forget about us
Don't forget about us

Waiting for the sadness to start
Feeling for the cracks in your heart
I walked you to the doctor, uh huh
Said you don't have to cry anymore

Don't forget about us
Don't forget about us
Don't forget about us

Drinking on the marshes
Underneath the arches
Leaving no traces
Untying my laces in the dark

Don't forget about us
Don't forget about us
Don't forget about us
