

I'm So Down

Flyte

Okay 1, 2, 3, 4

You want to face the music
You want to get right to it
You want to make this easy
So do I, believe me

I'm so down, down
I'm so down
Obviously, I'm in
I'm so down, down
I'm so down
Guide me to the ground
I'm so down

You want to meet my shadow
What the hell does he know?
You want to have a baby
Been talking 'bout it lately

Well I'm so down, down
I'm so down
Where do I sign up?
I'm so down, down
I'm so down
If it means you stay around
I'm so down, down
Down

You want to say you knew me
Want to burn right through me

I'm so down, down
I'm so down
Babe, give me your worst
I'm so down, down
I'm so down
Nothing 'bout this hurts
I'm so down, down
Down
