

# We Are The Rain

Flyte

In your dad's old car  
Hiding from the weather  
Under April showers  
We will stay together

Cause we are the rain  
(Never ever ever ever ever gonna let you go)  
A love that sorrow may taint  
Across our endless plain  
We are the rain

And when you send me out  
To that desert island  
Give me cheap warm beer  
In fake sunglasses

Cause we are the rain  
(Never ever ever ever ever gonna let you go)  
A love that sorrow may taint  
Without pleasure, without pain  
We are the rain

We are the rain  
(Never ever ever ever ever gonna let you go)  
A love that sorrow may taint  
Across our endless plain  
We are the rain

We are the rain  
(Never ever ever ever ever gonna let you go)  
Over and over and over and over again  
Without pleasure, without pain  
We are the rain

But I'm never ever ever ever ever gonna let you go  
I'm never ever ever ever ever gonna let you go  
Oh I'm never ever ever ever ever gonna let you go  
I'm never ever ever ever ever gonna let you go
